25X1 5. [] LIAISON Saw Herb Romerstein, House Permanent Select Committee on Intelligence staff, who asked for the status of the Director's unclassified letter which conveys the unclassified report on KGB manipulation of the media. I said that I had every expectation that the letter, as well as the reply to Representative Les Aspin's (D., Wis.) letter to the Director on the same subject, would be answered by the early part of next week.

25X1 6. [] HEARING Accompanied the Director;

5 June briefing of the Committee. Attending from the Committee membership were: Chairman Edward P. Boland (D., Mass.), Bill D. Burlison (D., Mo.) Morgan F. Murphy (D., Ill.), Les Aspin (D., Wis.), Charles Rose (D., N. Car.), Romano L. Mazzoli (D., Ky.), and Robert McClory (R., Ill.). Attending from the Committee staff were: Thomas K. Latimer, Staff Director, Michael J. O'Neil, Chief Counsel, Patrick G. Long, Associate Counsel, and James O Bush, staff member. This meeting took place in room H-405 of The Capitol and lasted from 1515 hours until 1630 hours. A transcript was taken. In addition to the Director's explanation, the bulk of the appearance evolved around ways the Agency could help the Committee do its job better and the Director's assurances that the Committee would be given as much information as possible, both by way of classified briefings as well as advance copies of unclassified reports.

25X1 7. [] LIAISON Jim Bush, House Permanent Select Committee on Intelligence staff, reported that House consideration of the Justice Department authorization bill had been taken off the calendar for today. He thought it would come up on 10, 11, or 12 July. He expects there will be a floor fight over the amount for FBI domestic security activities, with Representatives Bill D. Burlison (D., Mo.) and Robert McClory (R., Ill.) the adversaries.

25X1 8. [] HEARING Sent via courier to Mike O'Neil, Chief Counsel, House Permanent Select Committee on Intelligence, the 5 May 1978 transcript of the Agency's testimony before the Subcommittee on Oversight on the subject of propaganda.
